

## H11 - CENTRAL BALANCE

### 2 or 3 hands

The *H11 - Central Balance* is the first timepiece with the balance at the center of the movement, with the hour and minute display maintaining their traditional position in the center.

More beautiful than any other Haldimann timepiece before, the H11 shows two facets of time: the measured time and the flow of time.

Fully designed and manufactured by HALDIMANN HOROLOGY.

Balance on bridge side in the center of the movement. H and min hands centrally positioned. Available with a small seconds indicator. Handcrafted case, concave Haldimann side finish. Case diameter: 37.0 mm, 39.0 mm, or 41.0 mm. Thickness: 10.8 mm. Domed double-coated anti-reflective sapphire crystal. Sapphire crystal case back. Water resistance: 30 m / 3 bar. Alligator leather strap with Haldimann stamp. Size 20/18. Other materials upon request. Case and folding clasp: Yellow gold, rose gold, white gold, steel, or platinum with Haldimann hallmark. Hand-turned box crafted in Thun/Switzerland from the noble wood of the walnut tree.
